About KCHS

Kingston Christian School is an established Christian school and charity that has served the Kingston community for more than 60 years, and continues to thrive in its strategic vision for growth and development.

In 2024, KCS will expand to include a Grade 9 high school class for the first time. Additional high school grades will be incorporated in the years to come. KCS is currently recruiting for its inaugural cohort, and fundraising to meet start-up costs.

We invite you to partner with us through this golf tournament to help make our dream a reality.

The Need

There is no private Christian high school option in Kingston. For years, parents wishing to send their children to a Christian high school would bus them (at an additional cost) to a Christian high school in Quinte West. That school is at capacity, and students are being turned away.

Enrollment in private Christian education has been greatly increasing in recent years, both at KCS and other schools. We have 144 students enrolled, representing over 60 families. This type of educational option is something local families are seeking and they are making sacrifices in order to send their children to schools like ours.

Please join with us to support local families and local Christian education. Thank you for your support.

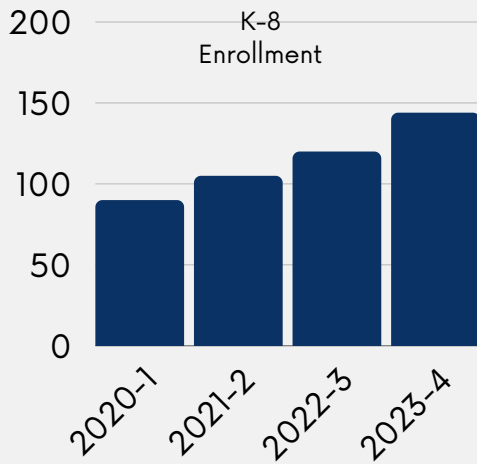

Jennifer Shoniker
Principal, KCS

Elaine Ma
High School Committee
and KCS Board Member

"As a graduate and a current parent at KCS I give the school 5 stars. I believe that God is evident in every square inch of his creation and that my children should be educated not just at home but at a school in which this is demonstrated. Whether the children are in gym, math, or Bible class KCS' teachers communicate this to the students. Teachers show care to their students every day and the small class sizes benefit each student.

The environment of KCS is warm and nurturing and I am thankful each day for the gift of being able to send my child (soon to be children) there."

-Jennifer F., KCS parent
